

Brady
145-2
Anthony

4 June 1952

Dear Mrs. Keebler:

I am returning herewith the Brady photograph, which you were good enough to send us, showing Mrs. Johnson, Miss Anthony and Miss Colby.

I wish to call your attention to the crack in the photograph. This crack was in the picture when we received it. You may or may not know of it, but you may recall that when you sent us the material, there was no cardboard in your envelope to keep it from being marred. This is rather unfortunate because I realize that a Brady photograph is a historical document today. I believe everything else of importance has been returned to you by our Publicity Department.

Cordially yours,

Bertha L. Lyons (Mrs. N.)
